

# Ballaman Wind Farm

**Capacity**

3.6 MW

**Project Type**

Wind - Operational

**Planning Grant Date**

29 September 2010

**Site Location**

(52.62, -6.542)

**Site Overview**

Located in Co. Wexford, Ballaman Wind Farm is operational within the townlands of Moneydurtlow and Ballaman. The site is located approximately 5km northwest of the village of Ferns and is located on a hill known as Charlesfort Fox Covert.

Planning permission for this site was granted by Wexford County Council in 2010 and includes for 17 No. Conditions.

The development consists of 2 number V90 wind turbine generators and crane hardstandings for each turbine, electrical substation, underground electrical cabling, access tracks and ancillary services.

This wind farm is owned (in part) by Directors of Highfield Energy as part of our broader commitment to a sustainable future.

**About Highfield Energy**

Highfield Energy develops, constructs, owns and operates electricity generation projects with a particular focus on renewables. Possessing significant technical and market expertise Highfield Energy optimises potential developments in order to provide the highest quality results. Highfield Energy has a proven track record of working in partnership with developers, landowners and wider project stakeholders to promote sustainable energy sources. We currently have over 1 GW of utility-scale wind, solar photovoltaic (PV) and energy storage projects within our portfolio.
